

TOUR TO ENTREPEÑAS

By the 60s, it began to build one of the most important works of engineering of our country, swamps of Buendia and Entrepeñas, head of the Tajo-Segura corridor. Specifically, Entrepeñas, which belongs to Guadalajara, has a number of places we can visit under the shelter of the reservoir water.

In our tour we will start in Alocén to watch the great view of the reservoir water. After we continue to Budia in the heart of Alcarria to do a tour to its Main Square, the Church of Saint Peter and the ruins of the Convent of Carmen.

We will finish in Sacedón, visiting its Church and dam, having driven before in a panoramic view from the bus around of the waters of Entrepeñas, after of that we will visit the romanesque Monastery of Monsalud, an archeologic place that tells us about the Cister Order.

DURATION:

It is full-time, starting around 10:00 and ending around 18:00.
